 Health Department

Topic:	Major Points Discussed:	Action Required:	Assigned to:	Due Date:
Updates	We still would like to pin point areas in the county that overdoses frequently happen.			
Narcan Trainings	<p>Our next Narcan training dates have been scheduled!</p> <p><i>Tuesday, Jan 23 at 6pm</i></p> <p><i>Wednesday, June 6 at 6pm</i></p> <p><i>Monday, Oct 22 at 6pm</i></p> <p>All trainings will be held at the Forest Mall, in the old American Eagle storefront. Table and chairs will be provided.</p> <p>We will want to start distributing flyers soon. Jenna will have flyers made by next week (week of December 11th)</p>	Flyers need to be Made	Jenna	
Review Survey/Questionnaire	<p>Question we are focusing on: <i>What do the addicts need? How can we help them?</i></p> <p>Rebecca will do data research to give us some direction on answering the above the question. What are some actions we can begin to answer our question?</p> <p>A ‘campaign of reducing stigma in the community’ idea was brought up. Would be a good idea to start looking at what we could do to reduce stigma in our community.</p> <p>Invite Jim (mobile van driver from ARCW) to a harm reduction meeting. Jim could give us insight on what he typically sees with the mobile van. We would like to know if he is still coming to the FDL area. If not, why? If so, where does he park? What is his schedule?</p>	Reach out	Rebecca Joyce
