# Opioid Abuse Prevention Starts with Parents

Join us in a discussion  
led by local high  
school students.

Opioid/Prescription  
drug abuse/misuse  
among youth is a much  
bigger problem than  
many parents realize.  
The good news?  
Parents can also do a  
lot to help protect  
teens from this type of  
abuse/misuse.

*Food will be provided.*
